

LEGAL NOTICE

Notice of sale by the chief of police of abandoned and stolen personal property.

Notice is hereby given that I will sell at public auction for cash to the highest bidder at Lower Church St. at Water St. at 9 a.m., May 22, 1974, the following property which has been taken up and stored by the Police Department of the City of Mobile for a period of more than three months.

Description of property:

Approximately 30 second-hand bicycles.

Each article will be sold separate and the right to reject any and all bids is reserved. The owner of any of the property described above may redeem the same at any time prior to its sale by paying the reasonable expense incurred in taking the property in charge and in its maintenance and storage, plus a pro-rate of the cost of publication. The right to continue or postpone the sale from time to time if no bidders are present is reserved.

ED J. McLEAN, Chief of Police
1213 Reg., May 8, 15, 1974

LEGAL NOTICE

Under Act No. 1154 of the 1971 Regular Session of the Alabama Legislature, Joe Bullard Oldsmobile, Inc., will sell at Public Auction on May 30, 1974, at 12:00 noon at the premises of Joe Bullard Oldsmobile, Inc., 1151 Beltline Highway in Mobile, Alabama the following abandoned motor vehicle which was towed from the vicinity of 1557 Monterey Place in Mobile, Alabama to the premises of Joe Bullard Oldsmobile, Inc., on March 13, 1973:

One 1964 Oldsmobile 98 Sedan, Serial Number 884M055258.

Abandoned vehicle may be viewed on appointment by calling Joe Dunnam at 471-6141. The sale will be for cash to the highest bidder. The proceeds of sale will be applied to the cost of repair, towing storage and expenses of sale and the balance remaining will be paid to the Register of the Circuit Court of Mobile County.

Notice of application for National Pollutant Discharge Elimination System Permits and Notice of Consideration for State Certification.

The Olin Corporation, Nichols Works, Post Office Box 29, McIntosh, Alabama 36553, Application No. AI 074 OYM 2 000550 has applied for an NPDES permit to discharge treated wastewater to the Tombigbee River. The applicant is engaged in the manufacture of inorganic and organic chemicals (caustic soda, chlorine, pentachloronitrobenzene, trichloroacetonitrile, and terrazole). One existing discharge, which enters the Tombigbee River near river mile 15.5, is described in the application.

International Paper Company, Post Of-

fice Box 2328, Mobile, Alabama 36601, Application Number AI 074 OYM 2 000049 has applied for an NPDES permit to discharge treated wastewater to Chickasaw Creek, Hog Bayou and Shell Bayou. The applicant is engaged in the manufacture of pulp and paper. Eighteen existing discharges are described in the application.

The Mobile Water Service System, Post Office Box 2368, Mobile, Alabama 36601, Application Number AI 974 OYM 3 000105 has applied for an NPDES permit to discharge treated wastewater to Chickasaw Creek. The discharge will be composed of the treated effluent from a manufacturer of pulp and paper in Mobile, Alabama. One existing discharge, which enters Chickasaw Creek near river mile 1.3, is described in the application.

Scott Paper Company, Southern Operations, Post Office Box 2447, Mobile, Alabama 36601, Application Number AI 074 OYM 3 000107, has applied for an NPDES permit to discharge treated wastewater to Chickasaw Creek. The applicant is engaged in the manufacture of pulp and paper. Eight existing discharges, which enter Chickasaw Creek near its confluence with the Mobile River, are described in the application.

Union Carbide Corporation, Post Office Box 11486, Chickasaw, Alabama 36611, Application Number AI 074 OYM 3 000016, has applied for an NPDES permit to discharge treated wastewater to Chickasaw Creek. The applicant is engaged in the manufacture of molecular sieves for use as industrial adsorbents and catalysts. Two existing discharges are described in the application which enter Chickasaw Creek via the Alabama Power Company Canal.

Gulfport Creosoting Company, Division of Crown Zellerbach, Mobile Plant, Post Office Box 449, Mobile, Alabama 36601, Application Number AI 074 OYM 2 000188, has applied for an NPDES permit to discharge treated wastewater to Three Mile Creek. The applicant is engaged in the treating of wood with creosote or pentachlorophenol. One existing discharge, which enters Three Mile Creek near river mile 0.2, is described in the application.

On the basis of preliminary staff review and application of 816, 33 U.S.C. 1251 et seq. (1972), 38 Fed. Reg. 13527 et seq., and other lawful standards and regulations, the U.S. Environmental Protection Agency (EPA) proposes to issue permits to the above-described applicants to discharge subject to specific pollutant limitations and special conditions. These proposed determinations are tentative.

Persons wishing to comment upon or object to the proposed determinations are invited to submit same in writing to the EPA address above, no later than June 14, 1974. All comments received prior to that date will be considered in the formulation of final determinations regarding the applications. A public hearing may be held where the EPA Regional Administrator finds a significant degree of public interest in a proposed permit or group of permits.

Fact sheets containing additional details about the applicants' current discharges and EPA's proposed effluent limitations and containing additional information on hearing procedure are available by writing or calling EPA. Copies of the draft permits are also available from EPA. The applications, comments received, and other information are available for review and copying at Room 305, 1421 Peachtree
